Paint 2 win.. Love it, cant wait for more paints to be added.. A decent DLC to be completely honest!!.. i love ship paints, but i also like that this dlc is somewhat optional, i hope they wont remove paints from the standard game just to sell this :P if they did it would remove some of the grind and loot. but other than that this dlc is worth it if you like ship customization, i bought it so i can get the "scarred" paint for the trincomalee (fitting for a pirate ship eh?), i also heard about paints being added in the future, i

hope they have scarred for constitution.. A decent DLC to be completely honest!!
